

5b

## Englisch

1. Class 5c talks about their pets. Read the texts.  
(Klasse 5c redet über ihre Tiere. Lies die Texte.)

Hannibal is small and he has got long black and white fur. He lives in a cage and he's sometimes aggressive. So I sometimes call him Hannibal the Cannibal! But he doesn't eat meat. He eats fruit and vegetables. Carrots and cucumbers are his favourites.

*Emma*

She is very sweet, but she doesn't like dogs. She often plays in the garden and looks for mice. (She sometimes eats them, too!) She sleeps in a basket in my room. She has got short soft fur and is very cuddly. She drinks milk. Her favourite food is fish.

*Gillian*

He is black and white and very friendly. He has got short fur and a black spot on his right eye. He sleeps in a basket in the hall. I always take him for a walk before school and after school. He loves meat and ice cream!

*David*

My pet is pretty and she knows it! She looks in the mirror and says, "Pretty Polly!" Yes, she can talk! She's green and blue and lives in a big cage. I let her out, but I must always close all the windows first. She loves fruit and chocolate with nuts.

*Lucy*

Simon lives in a glass cage. He's long and thin and he has got little black eyes. He sleeps all day and wakes up at night. I let him out in my room in the evening. Simon eats mice – but only one a week.

*Ben*

Daisy has got pink eyes, long ears and soft black and white fur. She lives in a cage in the garden with lots of grass. She's nice and warm there. I let her run in the garden. She's very fast! She loves carrots. She eats the flowers, too! She is silly!

*Caroline*

**2. Match the animals with the name of the students.**  
**(Verbinde die Tiere mit den Namen der Schüler.)**

Emma	snake
Gillian	dog
David	rabbit
Lucy	parrot
Ben	hamster
Caroline	cat

**3. Make a chart. (Mache eine Tabelle.)**

<b>pet</b>	<b>colour</b>	<b>lives in</b> (basket, cage, ...)	<b>food</b>	<b>character</b>
snake				
dog				
rabbit				
parrot				
hamster				
cat				

*pet – Haustier*

*colour – Farbe*

*lives in – lebt in*

*food – Essen*

*character – Charakter, Eigenschaft*
